

# Tarea 1 Role play

## Formal

- Hello Gabriel, my name is Jose. I am the new crewmate for the business.
- Hello, nice to meet you Jose. I was expecting you to come here. Do you know where your workplace is?
- No, nobody told me yet. May you tell me where the workplace is, please?
- Right, I told James to show you but he can't come today. Don't worry, follow me.
- Thank you.
- Okay this is your office, you have everything here at your disposal.
- I saw that you work with computers here, but can I use my personal laptop to work? I feel more comfortable working with it.
- Okay, first I should tell Luis to check it and make sure it meets the standards of our equipment. If he gives it the green light then feel free to use your laptop.
- Okay, thanks. I'll give the laptop to him so he can check it.
- Jose, I need you to do a website to promote our new product, it must be finished before the next week. Do you know how to do it?
- Yes, I know. I'm really good at HTML, CSS and JavaScript. I have already done some websites before using VisualStudioCode.
- That is good. What else do you know about coding?
- I have knowledge in Java, PHP, SQL, I also know about some IP protocols and solving computer problems.
- Okay that is really good. I will leave you now to get to work, if you need something don't hesitate to ask me.
- Okay, thank you, I will start working now. I promise you, I'll try my best.

## Informal

- Hey Jose, how are you doing?
- Hey Gabriel, I'm fine, thank you. And you?
- I'm good, I have almost completed today's work. Do you have much work to do? I could help.
- I'm finishing the web page they sent me, I don't need any help for the moment, thanks.
- Okay. Do you think you'll be finished by eight o' clock? We could go together and have a drink.
- I think I'll be done with the page at 8:00, we can have a drink when I'm done.
- By the way, what are your thoughts on Ferrera? The boss had great expectations on him but I'm not so sure about his capabilities.
- I have not had the opportunity to speak with Ferrera, but he seems to be a serious and responsible employee, although he gets a little nervous at work.
- Yeah he seems too insecure, maybe he'll get the hang of it with time.
- I believe that with the passage of time it will loosen up. How long have you been in this job?
- I joined in May of 2016, so I've been here for 7 years. At first I wasn't sure if I would be here for more than 4 months but here I am.
- I think everyone has the same feeling when we start a new job.
- Well, I should go back to work. See you later.
- Ok, I'll try to finish this soon. Bye.
